

# Monadnock Envi® Wallgraphics

An **ENVI**PORTFOLIO Product

Envi Wallgraphics offer a renewable fiber-based 10% PCW alternative to vinyl for walls, windows and other rigid surfaces in the home and in commercial settings/environments.

Envi Wallcovering meets the strict California 01350 standards for indoor air quality - a prerequisite for LEED credit qualification, and carries a class "A" fire rating based on ASTM E-84 standard testing for smoke generation and flame spread. Envi is easy to clean and sanitize.

Specify bright white Envi Wallgraphics when looking to boldly enhance a small space or an entire establishment in an eco-conscious way.

## Performance

- Breathable to reduce mold & mildew
